

LiveKit voice IVR | one call, multiple skills

PROPOSED ARCHITECTURE

Example: “What is the status of my claim, and what benefits does my plan include?”

SINGLE CALL EXAMPLE | Same caller, same outer conversation

TEAL: media | BLUE: application / native API | PURPLE: A2A | GREEN: existing skills | AMBER DASHED: human handoff

Design example • 13 Sep 2026. Sample data and skill assignments are illustrative. Live voice validation and deployment choices remain open.
